and glass and spire and dust

on to the floor at dawn with lips taught and drawn

Em Bm C G G/F#

Born of the sign of air and the twins

Em Bm C C/B

speak of days and another place

Em Bm C G G/F#

I wander as the gypsy under a beckoning moon

Em Bm C C/B

speak of time and another face

Em D/F# C Em D/F# C

a wayward and languid cry a fleeting and furtive sigh

Em D/F# C Em D/F# C

from the cradle to the grave a love to desire and crave

I ll laugh for you, and I ll dance for you
but don t ask me to shed any tears when I have to go
you are a joy and a pleasure to love and to hold
your promise is as pure as the driven snow
passing ships in the night a touch distraught and light
eyes that brightly shine, your love tonight is mine
