As We Go Along

Notes: This is mostly correct, but the recorded accompaniment alters the technical chords somewhat. (For example, the Eb at the end of the chorus works fine but should technically be Ebadd9 without the root.)

The tuning is slightly off on the recording.

Fingering:

These are just extrapolated chords, so you can finger them however you want, but this fingering emphasizes the ascending bass line.

And sit with me here by the firelight

Why think about

Who s gonna win out?

We ll make up our story as we go along

There s so little time

For us to try to rhyme

And so many highways to travel upon
