

**Tomorrows Gonna Be Another Day**  
**The Monkees**

The chords weren't up, and the song is so easy I literally tabbed this in five minutes and now I'm posting it. Catchy song. Enjoy.

Tomorrow's Gonna Be Another Day by The Monkees (Boyce, Venet)(1966)

**G**

I'm gonna pack up all the pain,

**G**

I been keepin' in my heart,

**G**

I'm gonna catch me the fastest train

**G**

I'm gonna make me a brand new start

**C**

But that's okay,

**G**

Tomorrow's gonna be another day, hey, hey, hey.

**D**

And I don't care what you say

**D**

Tomorrow's gonna be, tomorrow's gonna be,

(Take a pause from playing while singing this line)

Tomorrow's gonna be another day.

**G**

Hey, hey, hey,

Hey, hey, hey.

(The rest of the verses play out the same)

They say there's a lotta fish,

Swimmin' in the deep blue sea,

I'm gonna catch me a prettier one

And she'll be good to me.

But that's okay,

Chorus

Well, I ain't gonna think about ya,

Cause it ain't no use no more,

I'm gonna make it fine without ya,

Just like I did before,

I'm on my way.

Chorus

End.
