

**You Told Me**  
**The Monkees**

**A**

You told me you d always stay, you told me,

You told me you d never stray, you told me,

**D**

All these things you said you said sincerely,

**A**

Still, I am leaving you in spite of what you told me.

I ve heard things that did not match what you told me,

And of your love that would not last as you told me,

**D**

Forewarned is forearmed, it hurts, I m leaving,

**A**

I may be wrong I can t love what I m just hearing.

**D**

**E**

Times have made me shy

**A**

Of all the things you re saying,

**D**

**E**

Times have made me shy

**A**

**F**

**E**

Of girls and all the games that they are playing.

**A**

Someday, I may see the truth of what you told me,

I may find I left too soon and that you told me,

**D**

Only things that you were honestly feeling,

**A**

But, I must have more to love than what you told me,

(I must have more to love than what you told me)

Yes, I must have more to love than what you told me,

(I must have more to love than what you told me)

Yes, I must have more to love than what you told me.
