

Gypsy Of A Strange And Distant Time
The Moody Blues

Artist: Moody Blues

Song: Gypsy (Of a Strange and Distant Time)

Tabbed By: Seanny P

These Chords are what I gathered from listening to the song a bunch of times so its not perfect, but it s pretty close. There is no tab or chords for this song anywhere on the internet but I m hoping that someone will build off this and improve it. Please rate

INTRO

(Some Orchestra type sounds with bass)

(I would reccomend power chords starting on the A string for these intro chords, but that actually doesn t make it sound exactly how they do in the song)

Em D Em Em D Em F# Em

(These Chords are strummed once while synthesizer plays the chord and sustains it.

Without a synthesizer I would strum them.)

Em G A C

Em G A C

A gypsy of a strange and distant time
Travelling in panic, all direction blind,
Aching for the warmth of a burning sun,
Freezing in the emptiness of where he d come from.

Em

Oh oh oh oh oh oh oh oh, oh oh oh oh oh oh oh oh,
Left without a hope of coming home.

(Same as in intro)

Em D Em Em D Em F# Em

Em G A C

Speeding through a shadow of a million years
Darkness is the only sound to reach his ears,
Frightening him with visions of eternity,
Screaming for a future that could never be.

Em

Oh oh oh oh oh oh oh oh, oh oh oh oh oh oh oh oh,

Left without a hope of coming home.
Left without a hope of coming home.
Left without a hope of coming home.

Em **G** **A** **C**
A gypsy of a strange and distant time
Travelling in panic, all direction blind,
Aching for the warmth of a burning sun,
