Intro:

Dm / / /

Dm **G**
I woke up today, I was crying,
Dm **G**
Lost in a lost world,
Dm **G**
Cos so many people are dying,
Dm **G**
Lost in a lost world.

Dm **DmMaj7/C#**
Some of them are living an illusion,
Dm **Bb**
Bounded by the darkness of their minds,
Gm **A7**
In their eyes, it s nation against nation against nation,
Dm **Gm**
With racial pride, sad hearts they hide
A7 **Dm**
Thinking only of themselves, they shun
Gm
The light. They think they re right
A7 **Dm**
Living in their empty shells.

Gm **C** **F**
Oh... can you see their world is crashing (...so many people...)
Em
Crashing down around their feet
A7
And angry people in the street,
Dm
Are telling them they ve had their fill
A7
Of politics that wound and kill
Gm **C** **F**
Grow, the seeds of evolution
Em
Revolution never won
A7
It s just another form of gun

Dm

To do again what they have done

Gm **A7** **Bb**

With all our brothers youngest sons.
