A **F**
Twilight time to dream awhile,
G **Am**
In veils of deepening blue.
A **F**
As fantasy strides, over colorful skies,

Of form disappearing from view.

In twilight time, dream with me a-while.

A **F**
A nightingale plays a dark mellow phrase,

Of notes that are rich and so true.

Dancing to tunes no one knew.

In twilight time, dream with me a-while.

Dm **E** **Dm** **E**
In twilight time, dream with me a-while.

Dm **F** **G** **A**
Building castles in the air,
Bb **C** **Dm**
Whistling to the wind.
Dm **F** **G** **A**
As nature bows down her head,
Bb **C** **Dm** **A**
See what to-morrow brings.

In twilight time, dream with me a-while.

Bats take to wing like puppets on string,

Prancing through cool evening air.

In a sightless glide, no reason to hide

Away from the sun s blinding stare.

In twilight time, dream with me a-while.
