

Damnit Anna
The Morning Benders

damnit anna

verse:

Am D G Em x2
Am Em Am Em
Bm Em Bm C (C Bm)

break:

Bm Em Bm
Am G
C Bm
Am Bm C Bm Am

damnit anna don t look at me that way
you know very well what you did that day
yes you know very well
you say you got a soul to sell
but if you wanna meet the devil
you gotta go to hell

damnit anna can t you look me in the eyes
you better pay attention when I m giving you advice
cause you petty out the nose
that nothing comes for free
you already paid the price of losing me

break:

well i am big and flesh
I dread the words you read
a book without a cover
so don t judge me till its over

damnit anna don t you give me away
I m sleeping in the shadows and I m here to stay
they say if you love something
you better give it away
but i ve seen the same things happen
in a canned rage

damnit anna (damnit anna)
damnit anna (damnit anna)
etc.
