

Promises

The Morning Benders

On B7*, just play a variation of **B7** by moving your pinky up one fret on the b string.

E **Ab7**
This spirit is holding us down

Dbm **A**
We shit our shoulders are in deep

E **Ab7**
Pulling us to the light

Dbm **A**
Toasted our backs in the sun

Gbm **Dbm**
And I waited for the next call

Gbm **B** **E**
We got all our ears pressed against the wall

E **Ab7**
But now our days are set straight

Dbm **A**
We're seeing it all eye to eye

E **Ab7**
The balance is still chasing after

Dbm **A**
Just hanging on as you walk by

B7* **B7** **E**
And they say it's only natural

B7* **B7** **E**
They say we're coming along just fine

Dbm **Gbm** **(B)**
But I can't help thinking we grew up too fast **(Woah)**

Dbm **Gbm**
And I know, I know, I know this won't last

B **E**
A second longer than it has

E **Ab** **A** **E** **Ab** **A**
Children you will, be cared for at once

E **Ab** **A** **E** **Ab** **A** **E**
And wanted our arms like promises plucked from above

E **Ab7** **Dbm** **A** (x2)

E **Ab7**

This world is only getting smaller

Dbm **A**

The choices aren't ours to be made

E **Ab7**

And I to my days

Dbm **A**

I feel like wasting my days

Gbm **E**

And I can't see what's coming on

B7* **B7** **E**

And I can't say it will all be fine

Dbm **Gbm** (**B**)

No I can't help thinking we grew up too fast (Woah)

Dbm **Gbm** (**B**)

No I can't help thinking we grew up too fast (Woah)

Dbm **Gbm**

And I know, I know, I know this won't last

B **E**

A second longer than it has
