living my life like nothing s happening

-->rest s the same(except chorus)

talk is cheap but lies are even cheaper  
so it s really me i want you to count the ways you can make it up to me  
i m getting tired of everybody talking and not doing a thing

here i am in the graveyard waiting for a war  
i m here, i m calling out your name  
i ve been here before

there s nothing left to talk about but there s plenty left to do  
and if it s all the same to me you know it ll be different to you

i m getting tired of living like i m dying while the world is moving on

here i am in the graveyard waiting for a war  
i m here, i m calling out your name  
I ve been here before

pardon me i must apologize  
i ve been this way for quite some time  
i tried to be just a long time ago

great song
