feeling give me what i want or put me on the streets i m getting tired of

C F A# A G

living my life like nothing s happening

-->rest s the same(except chorus)

talk is cheap but lies are even cheaper so it s really me i want you to count the ways you can make it up to me i m getting tired of everybody talking and not doing a thing

here i am in the graveyard waiting for a war i m here, i m calling out your name i ve been here before

there s nothing left to talk about but there s plenty left to do and if it s all the same to me you know it ll be different to you

i m getting tired of living like i m dying while the world is moving on

here i am in the graveyard waiting for a war i m here, i m calling out your name I ve been here before

pardon me i must apologize i ve been this way for quite some time i tried to be just a long time ago
