The	Morning	O£

ЕВ	A
I step outside into the light B	
The sun is bright, I close my eyes <b>E B</b>	A
The summer caught me by surprise	
and now I m left here waiting	
E B	A
for you to tell me how it is  B	
If I could only get a kiss	
E B	A
I could make you take a risk	
on a boy who wants this	
E B	A
And now the sun has sunk below <b>B</b>	
The evening wind now starts to blow	
ЕВ	A
I catch the scent of *your* perfume  B	
It lifts me higher than the moon	
A B A	В
I ll be fine if you stay by my side	
C#m A B	
Never felt this way in my whole life  C#m A B	
Never had this feeling before tonight	
C#m A B	
I can t get you off my mind	
C#m A B	
Cause you shine, Girl	
Oh you know you shine	
E B	A
Your eyes are brighter than the sun	
They make me see that you re the one	
E B	A
Your smile takes my breath away B	
and leaves me with nothing to say	
<pre>and leaves me with nothing to say E B</pre>	A
