The Mountain Goats

G Am B-Am-G (x4)

G **Am B-Am-G**
the summer crawled by indetectably.
and then i saw you looking down to me.
and your earrings sparkled in the noon-day sun,
G **Am B**
and though it s very true that i love everyone,
Em
with every ounce of energy left in me,
C D
i love you especially because

G **Am B-Am-G**
i saw you,
G **Am B-Am-G**
coming through

G **Am B-Am-G**
the screen door
G **Am B**
on the second floor,
G
up on the balcony.

it was hard to even see you at all,
because the air was thick with alcohol
so i kept on rubbing my eyes,
for all the good it did me,
for all the immeasurable good it did me,
let the years come and take away my memory,
i will not forget the shock that ran through me when,

i saw you, coming through
the screen door on the second floor,
up on the balcony.
