

High Hawk Season
The Mountain Goats

It s kindof hard to tell if he s doing fancier chords than what I m hearing because of the voices constantly over top of the guitar. But this is what I play when I m singing it so hopefully it s at least a start.

1,2,3 and

C **G** **Am** X2
(Do do do do do do... etc)

C **G** **Am**
I heard the wings beat on the wind tonight
C **G** **Am**
As the heat stole power from the darkening light.
F **G** **C** **F**
I saw the streets fill up with people that I knew,
F **G**
People who looked like you.

Am **F** **Am**
Rise if you re sleeping, stay awake
 Am **F** **Am**
We are young supernovas and the heat s about to break

C **G** **Am**
Drift through the streets, walk between the cars
C **G** **Am**
Newborn sons and daughters spat forth from distant stars
F **G** **C** **F**
The summer will reveal itself to those whose hearts are true
F **G**
And to the faithless few

Am **F** **Am**
Rise if you re sleeping, stay awake
 Am **F** **Am**
We are young supernovas and the heat s about to break

F **G** **Em** **F**
Who will rise and who will sink?
F **G** **F**
Who s going to stand his ground and who s going to blink?
 Am **F** **Am**

Surge forward from Van Cortlandt Park ... like frightened sheep
C **G** **Am**
 Spirit throngs that hoist us high, three thousand warriors deep
F **G** **C** **F**
 Spray our dreams on any surface where the paint will stick
F **G**
 Try to time the rhythm, listen for the click

Am **F** **Am**
 Rise if you re sleeping, stay awake
Am **F** **Am** (N.C.)
 We are young supernovas and the heat s about to break

C **G** **Am** **Am**
