Notes:

*Dsus4 is this version:

	-X-	
	-3-	
	-0-	
	-0-	
	-0-	
	-X-	

*He sometimes goes back and forth between D and Dsus4 more than just once

*He s probably doing something up on the high e string during the D and Dsus4 chords but I couldnt tell for sure

*During the verses when he plays E it goes like this:

```
||-0-0-0-0---0-0---||  
||-0-0-0-0---0-0---||  
||-1-1-1-1---1-1---||  
||-2-2-2-2---2-2---||  
||-2-2-0-2---2-2---||  
||-0-0-0-0---0-0---||
```

*There s no Am7 part on the last chorus it just goes straight to the G and D.
It s a little tricky but if you listen to the song you can figure it out.
