Tuning: standard

Just listen to the song for the strumming pattern. It s pretty easy to pick up.

Em **G**
The king of the jungle
Am **C** **B**
Was asleep in his car
Em **G**
When your chances fall in your lap like that
Am **C** **B**
You ve gotta recognize them for what they really are
Em **G**
Nobody in this house
Am **C** **B**
Wants to own up to the truth
Em **G**
I crawl in shotgun and reach into his mouth
Am **C** **B**
And grab hold of one long sharp tooth
Em **G** **Am**
And hold on
C **B**
For dear life
Em **G** **Am** **C** **B**
I hold on

Em **G**
Well of course he wakes up
Am **C** **B**
His paw hits the horn
Em **G**
I am gonna regret
Am **C** **B**
The day that I was born
Em **G**
And then mom rushes out to the driveway
Am **C** **B**
My sister too
Em **G**

Everyone s screaming

Am C B

I am dreaming of you

Em G Am

I hold on

C B

For dear life

Em G Am C B

I hold on

Am Em

And my arms get sore

Am Em

And my palms start to sweat

Am Em

And the tears roll down my face

Am B

Till my cheeks are hot and red and soaking wet

Em G

In come the cops

Am C B

They blowtorch the doors

Em G

I start wailing

Am C B

The lion roars

Em G

There s no good way to end this

Am C B

Anyone can see

Em G

There s just great big you

Am C B

And little old me

Em G Am

And we hold on

C B

For dear life

Em G Am

We hold on

C B

We hold on

Em G Am

C B
