```
D                                                  Em7      A      G
There s bound to be a ghost at the back of your closet
      A                    D
No matter where you live
D                                        Em7
There ll always be a few things, maybe several things
              G                    A                    D
That you re going to find really difficult to forgive
```

(**D Em7 A G A D**)

```
D                                        Em7      A
There s going to come a day when you feel better
      G                    A              D
You ll rise up free and easy on that day
         D
And float from branch to branch
    Em7
Lighter than the air
        G                                  A
Just when that day is coming, who can say? Who can say?
      D                G          D              G
Our mother has been absent ever since we founded rome
              D              A                            D
But there s going to be a party when the wolf comes home
```

(**D Em7 A G A D**)

```
      D                              Em7        A
Were going to commandeer the local airwaves
    G                    A                  D
To tell the neighbours whats been going on
         D                          Em7
And they will shake their heads and wag their bony fingers
      G
In all the wrong directions
         A
And by daybreak we ll be gone
```

(**D Em7 A G A D**)

```
      D                              Em7        A
I m going to get myself in fighting trim
G                A              D
Scope out every angle of unfair advantage
```

D
I m going to bribe the officials
Em7
I m going to kill all the judges
  G   **A**
It s going to take you people years to recover from all of the damage

    D   **G**   **D**   **G**
Our mother has been absent ever since we founded rome
