

Lonely At The Top
The Movement

Gm **Cm**
Times catchin up with me today
Gm **Cm**
I swear I passed her just yesterday
Gm **Cm**
Tomorrow seemed like years away
Dm **Cm**
Lord and I donâ€™t know where to start

So try to put yourself in my shoes
You wanderin in circles tired and used
And got no one to call your own
And got no where to call your home

Chorus

Gm	Cm	Dm	Cm
Its lonely at the top		yes I know	
Gm	Cm	Dm	Cm
Its lonely at the top		ooh yeah	

Verse

Well easy come easy go they say
Well that aint ever been the case for me
Im fallin down on my knees to pray
Lord and I donâ€™t know where to start
So try to put yourself in my shoes
You wanderin in circles tired and used
Aint got no one to call your own
And got no where to call your home

chorus

Verse

I got the feelin the reason I love my meanin
Goin no where I donâ€™t want to go there I been there
I done that got my tshirt to match and I donâ€™t ever want to go back
You better know that the higher we get the further we fall
And thatâ€™s the way of the universe earth and all
But it aint worth livin with your back to the wall just waitin on the world to drop

chorus
