

The Feeling
The Movement

Verse

G **D**
Have you ever loved someone so bad it hurt
Em **C** **D**
Not when they seem so far away from your life and all of this world
G **D**
Was it that someone who brought you away
Em **C** **D**
Was she your little baby girl your perfect number ten

Well how did you meet her, how did you know
All of the troubles that you face in the distance you would go
Just to please her and ease her pain
No matter how hard you try things wont ever be the same

Chorus

Em **D** **C** **D**
Itâ€™s the hardest thing ive ever had to do
Em **D** **C**
And itâ€™s the hardest thing ive ever had to say
D **G**
When the feeling goes away

And I cant remember the last time we touched
But I know it was right as rain and I couldnâ€™t get enough
How did we get here and where we gonna go
Now that we seem so far away from the love we used to show

Itâ€™s the hardest thing ive ever had to do
And itâ€™s the hardest thing ive ever had to say
When the feeling goes away

Em **D**
And now its time to turn the page
Em **D**
Another day come and gone a way to waste
Em **D**
And now we face the testament to our faith
Em **D**
and I donâ€™t believe I donâ€™t believe it 2x
