Tuning: standard

[Verse]

**E**

Run, whirlwind run

**A**

Further and further away Into the sun

**E**

In, 20 minutes

**A**

Everyone will remember you when youâ€™re gone

**E**

And your heart, is a stone

Buried underneath your pretty clothes

**C#m A E**

**E**

What will you do when something stops you?

What will you say to the world?

**A**

What will you be when it all comes crashing

Down on you little girl?

**E**

What would you do if you lost your beauty?

How would you deal with the light?

**A**

How would you feel if nobody chased you?

What if it happened tonight?

**E**

How would you cope if the world decided to

Make you suffer for all that you were?

**A**

How could you dance if no-one was watching

And you couldnâ€™t even care if they were?

**E**

What would you do if you couldnâ€™t even feel?

Not even pitiful pain

**A**

How would you deal if the indecisions

Eating away at the days?
