

**We Are Leaving**  
**The Naked And Famous**

Capo 1, standard tuning

Intro: **Dm**

**Dm**

Cover up your shaky hands

**Am**

I hear that you're doing well

**C**

Back again for long this time?

**G**

Looks like they put you all through hell

**Dm**

But you seem to be coping fine

**Am**

Trust me the stress will pass with time

**C**

And you'll be back around again

**G**

Yes you'll be back again

**F**

I don't mean to make you curse

**C**

But it could have been much worse

**G**

And as far as I can tell

**Dm**

It seems that you're doing well

**C**

Chorus:

**A#**

**Dm**

**C**

Come quick - things worth seeing

And i bet you constantly ask

**Am**

How did we get here so fast

**C**

Cause I have been there once before

**G**

And all the dates they made me raw

**Dm**

Wait and weight, it's all the same

**Am**

Sinking underneath the waves

**C**

Hell it couldn't be much worse

**G**

Than diving in head first

**F**

And I don't mean to make you curse

**C**

But it could have been much worse

**G**

And as far as I can tell

**Dm**

**C**

It seems that you're doing well
