Tobacco Road chords
The Nashville Teens 1964  (John D. Loudermilk 1960)

C\D 4x

```
D          C\D  D        C\D
I was born      in a bunk
D                            C    C\D
Mother died and my daddy got drunk
D             C\D  D        C\D
Left me here to     die or grow
                          C    C\D
In the middle of Tobacco Road
```

```
D          C\D  D        C\D
Grew up in a      dusty shack
D                            C    C\D
And all I had was a hangin   on my back
D             C\D  D        C\D
Only you know     how I loathe
                             C
This place called Tobacco Road
```

```
         C
But it s home
             C7        D
The only life I ve ever known
      D7              G
Only you know how I loathe
        D
Tobacco Road
```

C\D 12x

```
D                 C\D  D        C\D
I m gonna leave and     get a job
D                            C    C\D
With the help and the grace from above
D             C\D  D        C\D
Save some money, get      rich I know
                          C    C\D
Bring it back to Tobacco Road
```

```
D          C\D  D        C\D
Bring Dynamite     and a crane
D                            C    C\D
Blow you up, start it all over again
```

```
D                   C\D  D              C\D
Build a town be      proud to show
                              C
Give the name Tobacco Road

           C
Cause it s home
                 C7          D
The only life I ve ever known
        D7              G
Oh I despise and disapprove you
                              D
But I love ya,  cause it s home

C\D 8x
