Say you stayed home alone with the flu

D#m F#5 G#5 Bbm
Find out from friends that wasn t true

D#m F#5 G#5 Bbm
Go out at night with your headphones on again

D#m F#5 G#5 Bbm
And walk through the Manhattan valleys of the dead

B G#5 C# F#5
Didn t want to be your ghost, didn t want to be anyone s ghost

B G#5 C# F#5
Didn t want to be your ghost, didn t want to be anyone s ghost

B G#5 C# F#5
Didn t want to be your ghost, didn t want to be anyone s ghost

B G#5 C# F#5
Didn t want to be your ghost, didn t want to be anyone s ghost

D#m B C#m F#
But I don t want anybody else, I don t want anybody else

You said I came close
As anyone s come
To live underwater
For more than a month
You said it was night inside my heart, it was
You said it should tear a kid apart, it does

Didn t want to be your ghost
Didn t want to be anyone s ghost
Didn t want to be your ghost
Didn t want to be anyone s ghost

But I don t want anybody else
I don t want anybody else

I don t want anybody else
I don t want anybody else
