C#m A E B

C#m **C#m** **E** **B**
Did you clean yourself For me last night Put the water out and donned a marigold

C#m **C#m** **E** **B**
In your hair to bring me here And tie one on you

C#m A E B

C#m **C#m** **E** **B**
Did you dress me down and liquor me up To make me last for the minute When the red comes over you

C#m **C#m** **E** **B**
Like it does when you re filled with love Or whatever you call it

C#m A E B

C#m **C#m** **E** **B**
Do you feel alone when i m in my head While you wait for me To take my breath

C#m **E** **B**
Do you still feel clean, When the only dirt is the dirt i left

C#m **C#m** **E** **B**
How can you blame yourself When i did everything i wanted to
