

**Baby Well Be Fine**  
**The National**

Just looking around learning some new songs and noticed this wasnt here, so I figured

I might as well contribute. Please note this is my first tab, so if you have any

I ll be more than open minded to them, lord knows i most likely got SOMETHING wrong.

Intro

**Bm Asus2 G Em**

**Bm Asus2 G Em**  
All night I lay on my pillow and pray  
**Bm Asus2 G Em**  
For my boss to stop me in the hallway  
**Bm Asus G Em**  
Lay my head on his shoulder and say  
**Bm Asus B Em**  
Son, I ve been hearing good things

Repeat Chords

I wake up without warning and go flying around the house  
In my sauvignon fierce, freaking out  
Take a forty-five minute shower and kiss the mirror  
And say, look at me  
Baby, we ll be fine

**C G Asus4 Am Em**  
All we gotta do is be brave and be kind  
I put on an argyle sweater and put on a smile  
I don t know how to do this

**G Em C G**  
I m so sorry for everything  
[repeat]

Same Chords as First Verse

**Bm Asus2 G Em**  
Baby, come over, I need entertaining  
I had a stilted, pretending day  
Lay me down and say something pretty  
Lay me back down where I wanted to stay  
Just say something perfect, something I can steal  
Say, look at me  
Baby, we ll be fine

**C G Asus4 Am Em**  
All we ve gotta do is be brave and be kind

I pull off your jeans, and you spill jack and coke in my collar  
I melt like a witch and scream

**G**       **Em**       **C**       **G**  
I m so sorry for everything
