

**Baby Well Be Fine**  
**The National**

Just looking around learning some new songs and noticed this wasnt here, so I figured

I might as well contribute. Please note this is my first tab, so if you have any

I ll be more than open minded to them, lord knows i most likely got SOMETHING wrong.

Intro

**Cm Bbsus2 G# Fm**

**Cm Bbsus2 G# Fm**

All night I lay on my pillow and pray

**Cm Bbsus2 G# Fm**

For my boss to stop me in the hallway

**Cm Bbsus G# Fm**

Lay my head on his shoulder and say

**Cm Bbsus C Fm**

Son, I ve been hearing good things

Repeat Chords

I wake up without warning and go flying around the house

In my sauvignon fierce, freaking out

Take a forty-five minute shower and kiss the mirror

And say, look at me

Baby, we ll be fine

**C# G# Bbsus4 Bbm Fm**

All we gotta do is be brave and be kind

I put on an argyle sweater and put on a smile

I don t know how to do this

**G# Fm C# G#**

I m so sorry for everything

[repeat]

Same Chords as First Verse

**Cm Bbsus2 G# Fm**

Baby, come over, I need entertaining

I had a stilted, pretending day

Lay me down and say something pretty

Lay me back down where I wanted to stay

Just say something perfect, something I can steal

Say, look at me

Baby, we ll be fine

**C# G# Bbsus4 Bbm Fm**

All we ve gotta do is be brave and be kind

I pull off your jeans, and you spill jack and coke in my collar  
I melt like a witch and scream

**G#            Fm            C#            G#**

I m so sorry for everything
