

**Baby Well Be Fine**  
**The National**

Just looking around learning some new songs and noticed this wasnt here, so I figured

I might as well contribute. Please note this is my first tab, so if you have any

I ll be more than open minded to them, lord knows i most likely got SOMETHING wrong.

Intro

**C#m Bsus2 A F#m**

**C#m Bsus2 A F#m**

All night I lay on my pillow and pray

**C#m Bsus2 A F#m**

For my boss to stop me in the hallway

**C#m Bsus A F#m**

Lay my head on his shoulder and say

**C#m Bsus C# F#m**

Son, I ve been hearing good things

Repeat Chords

I wake up without warning and go flying around the house

In my sauvignon fierce, freaking out

Take a forty-five minute shower and kiss the mirror

And say, look at me

Baby, we ll be fine

**D A Bsus4 Bm F#m**

All we gotta do is be brave and be kind

I put on an argyle sweater and put on a smile

I don t know how to do this

**A F#m D A**

I m so sorry for everything

[repeat]

Same Chords as First Verse

**C#m Bsus2 A F#m**

Baby, come over, I need entertaining

I had a stilted, pretending day

Lay me down and say something pretty

Lay me back down where I wanted to stay

Just say something perfect, something I can steal

Say, look at me

Baby, we ll be fine

**D A Bsus4 Bm F#m**

All we ve gotta do is be brave and be kind

I pull off your jeans, and you spill jack and coke in my collar  
I melt like a witch and scream

**A            F#m            D            A**

I m so sorry for everything
