

Baby Well Be Fine
The National

Just looking around learning some new songs and noticed this wasnt here, so I figured

I might as well contribute. Please note this is my first tab, so if you have any

I ll be more than open minded to them, lord knows i most likely got SOMETHING wrong.

Intro

C#m Bsus2 A F#m

C#m Bsus2 A F#m

All night I lay on my pillow and pray

C#m Bsus2 A F#m

For my boss to stop me in the hallway

C#m Bsus A F#m

Lay my head on his shoulder and say

C#m Bsus C# F#m

Son, I ve been hearing good things

Repeat Chords

I wake up without warning and go flying around the house

In my sauvignon fierce, freaking out

Take a forty-five minute shower and kiss the mirror

And say, look at me

Baby, we ll be fine

D A Bsus4 Bm F#m

All we gotta do is be brave and be kind

I put on an argyle sweater and put on a smile

I don t know how to do this

A F#m D A

I m so sorry for everything

[repeat]

Same Chords as First Verse

C#m Bsus2 A F#m

Baby, come over, I need entertaining

I had a stilted, pretending day

Lay me down and say something pretty

Lay me back down where I wanted to stay

Just say something perfect, something I can steal

Say, look at me

Baby, we ll be fine

D A Bsus4 Bm F#m

All we ve gotta do is be brave and be kind

I pull off your jeans, and you spill jack and coke in my collar
I melt like a witch and scream

A **F#m** **D** **A**

I m so sorry for everything
