```
      EADGBe
Bm:   x24431
D/B:  x20232
Em:   022000
A:    x03330
G:    320001
D:    xx0232
```

[Verse 1]
```
                        Bm      D/B
 i think the kids are in trouble
        Em                              A
 i do not know what all the troubles are for
                       Bm      D/B
 give them ice for their fevers
               Em                     A
 you re the only thing i ever want anymore
                        Bm      D/B
 we ll live on coffee and flowers
           Em                         A
 try not to wonder what the weather will be
                      Bm      D/B
 i figured out what we re missing
                   Em                       A
 tell you miserable things after you are asleep
```

[Chorus]
```
        Bm                   D
 now we ll leave the silver city
       G                   Bm      D      G
 cause all the silver girls gave us black dreams
 Bm                  D
 leave the silver city
       G
 cause all the silver girls
 Bm   D          G
 everything means everything
```

[Verse 2]
```
              Bm      D/B
 it s a Hollywood summer
```

```
             Em                                           A
you never believe the shitty thoughts i think
                              Bm        D/B
we had friends out for dinner
                      Em                        A
when i said what i said i didn t mean anything
               Bm        D/B
we belong in a movie
                      Em                          A
try to hold it together till our friends are gone
                        Bm          D/B
we should swim in a fountain
              Em                     A
I do not want to disappoint anyone

[Chorus]
          Bm                     D
now we ll leave the silver city
         G                      Bm        D      G
cause all the silver girls gave us black dreams
 Bm                    D
leave the silver city
          G
cause all the silver girls
 Bm    D              G
everything means everything

[Bridge]
 D            Bm          F#m A
 I was afraid I d eat your brains
 D            Bm          F#m A
 I was afraid I d eat your brains

D        Bm       F#m A
 Cause I m      evil
D        Bm       F#m A
 Cause I m      evil

[Verse 3]
                   Bm     D/B
 I m a confident liar
                       Em                           A
 Have my head in the oven so you know where I ll be
                     Bm        D/B
I try to be more romantic
        Em                            A
i wanna believe in everything you believe
                    Bm   D/B
i was less than amazing
          Em                            A
i do not know what all the troubles are for
                        Bm        D/B
i fall asleep in your branches
```

```
                              Em                         A
  you re the only thing i ever want anymore

[Chorus]
          Bm                    D
  now we ll leave the silver city
         G                        Bm        D     G
  cause all the silver girls gave us black dreams
  Bm                  D
  leave the silver city
        G
  cause all the silver girls
  Bm    D            G
  everything means everything

[Outro]
  D             Bm           F#m A
  I was afraid I d eat your brains
  D             Bm           F#m A
  I was afraid I d eat your brains

D        Bm        F#m A
 Cause I m       evil
D        Bm        F#m A
 Cause I m       evil
D        Bm        F#m A    D
 Cause I m       evil
```
