Interlude chords: [G - C - G - D - G] x2

Verse 2: [use verse 1 chords]

What I feel now about you then I m just glad I can explain  
You re beautiful and close and young, in those ways we were the same

There s a lot I ve not forgotten, I let go of other things  
If I tried they d probably be, hard to find

Interlude

Chorus 1 chords:

**C            G            D    C            G            C            D    G**

They can alllllllll,    just kiss off into the air

**C            G            D    C            G            C            D**

They can alllllllll,    just kiss off into the air

I don t know why we had to lose, the ones who took so little space  
They re still waiting for the years, to cover what we can t erase  
I m not holding out for you, I m still watching for the signs  
If I tried you d probably be, dard to find

Interlude

Chorus 2: [use chorus 1 chords]

They can all, just kiss off into the air

They can all, just kiss off into the air
