```
>>> Verse
```

A cool, tall, drink of water  
is all you ever wanted to be  
And if you had another wish to wish  
youâ€™d be fun and moving

But you canâ€™t talk to people, right?  
You canâ€™t tell a story  
Youâ€™re tall, long legged  
and your heartâ€™s full of liquor  
And me and everybody are just ice in a glass

Try to figure out and laugh yourself to the showers  
Burn yourself alive and join the monster squad  
They say in this place you can reinvent yourself

>>> Chorus

Well youâ€™ve done it again, Virginia  
Made another masterpiece while I was dreaming  
How does it feel to feel like you?  
Brilliant sugar, brilliant sugar, brilliant sugar turn over

```
then; repeat chorus;
```

then;

**Am . . . . C . . Em . . (x4) . . Am**

[illegible]

END.
