

Everybody's Watching Me
The Neighbourhood

Am **G** **D/F#**
I told you I would tell you everything you want to know
Am **G** **D/F#**
You want me to tell you now
Am
You pressure me to shout it
G **D/F#**
Need to hear about it
Am **G** **D/F#**
Think that I would count you out

Am **G** **D/F#**
I let you find it on your own
Am **G** **D/F#**
Then I found myself alone

Am
Uh oh, where can I go?
G **D/F#**
Everybody s watching me
Am
Uh oh, where can I go?
G **D/F#**
Everybody s watching me
Am
Ooh ooh, what can I do
G **D/F#**
If you re not here to tell you?
Am
Uh oh, where can I go?
G **D/F#**
Everybody s watching me

I go through all the trouble of keeping it within my walls
I try to be as subtle as I can
Assume that nothing needs me, all I ve done defeats me
It looks like you were right again
And again

Am
The more I want in, the more I want in
G **D/F#**
The less I know, the less I know
Am
But I forgot it, I forgot it
G **D/F#**
I ll be alone, I ll be alone, I ll be alone

Am

With everybody watching me

Watching me, watching me, me, me

They re watching me, me, me

Watching me, me, me, me

Everybody s watching me
