

How  
The Neighbourhood

[Verse]

How could you question God s existence,  
When you question God himself?  
Why would you ask for God s assistance,  
If you wouldn t take the help?

[Pre-Chorus]

If you re gone then I need you,  
If you re gone then how is any of this real?  
When I m on I believe you,  
When I m not, my knees don t even seem to feel

[Chorus]

How could you tell me that I m great?  
When they chewed me up, spit me out and pissed on me  
Why would you tell me that it s fate?  
When they laughed at me, everyday, in my face

[Verse]

They say the end is coming sooner,  
But the end s already here.  
I say today is but a rumour,  
That we ll laugh at in a year,  
or two, or three, or four, or five, whatever

[Pre-Chorus]

If you re gone then I need you,  
If you re gone then how is any of this real?

When I m on I believe you,
