

No Grey
The Neighbourhood

E
Money, money, money

Am
First things first
C F E
I don t wanna be forgotten

Am
Even worse
C F E
I don t wanna be alone

Am
But if it all stops today
C
Ill probably say
F E
I didn t waste a minute
Am C F E
When I m finished

Am
Brand new faith
C F E
And I m ready for the camera s mention
Am
And all I pay
C F E
And my money and my damn attention

Am
Didn t get me the deal
C
Got me to feel
F E
How you would hear my sentence
Am C F E
When I m finished

Am C
You could do it for the money, money, money
F E
But the money makes them all the same
Am C
Everything s sunny, sunny, sunny
F E
But the sunshine fades away

Am C
Everything s black
F E
And white
Am C F E
No grey.

Am
Pitch black frames
C F E
You can see me when I wear my lenses
Am
And all they say
C F E
Is I m fake and I don t get offended

Am
And when push comes to shove
C
Ill show enough
F E
I didn t need to listen
Am C F E
When I m finished

Am
You re insane
C F E
What you said when I explain the game plan
Am
Nothing s changed
C F E
Except a little more change in my hand

Am
Now I don t mean to brag
C
Life was in fact
F E
Non-witness shows of women
Am C F E
It s not finished

Am C
You could do it for the money, money, money
F E
But the money makes them all the same
Am C
Everything s sunny, sunny, sunny
F E
But the sunshine fades away

Am C

Everything s black

F E

And white

Am C F E

No grey.

Am

You ended up with gold

C

But it started as a dream

F
