

I know you're sick

**Em**

Hoping you fix whatever's broken

**Bm G**

Ignorant bliss

**Em**

**F#**

And a few sips might be the potion

[Pré-Refrão]

**Bm**

I tried to put it out for you to get

**G**

Could've, should've but you never did

**Em**

Wish you wanted it a little bit

**Em**

More but it's a chore for you to give

[Refrão]

**Bm**

**G**

Where have you been?

**Em**

Do you know if you're coming back?

[Refrão]

**Bm**

**A**

We were too close to the stars

**G**

**Em**

**A**

I never knew somebody like you, somebody

**Bm**

**A**

Falling just as hard

**G**

**Em**

**A**

I'd rather lose somebody than use somebody

**Bm**

**A**

**G**

**Em**

**A**

Maybe it's a blessing in disguise (I see myself in you)

**Bm**

**A**

**G**

**Em A**

I see my reflection in your eyes

[Ponte]

**D**

**Bm**

So close, so close

**A**

Yet so far away (so far)

**Em**

I don't know (I don't)

**Bm**

How to be solo (no)

**A**

So don't go, oh, no, just stay

**G**

You and I were bright, shooting through the sky daily (yeah)

**Bm**

Lighting up the night, wasn't always right, baby (mhm)

**G**

Yeah, every time that we realised it's crazy

And you save me

[Refrão]

**Bm**

**A**

We were too close to the stars

**G**

**Em**

**A**

I never knew somebody like you, somebody

**Bm**

**A**

Falling just as hard

**G**

**Em**

**A**

I'd rather lose somebody than use somebody

**Bm**

**A**

**G**

**Em**

**A**

Maybe it's a blessing in disguise (I see myself in you)

**Bm**

**A**

**G**

**Em A**

I see my reflection in your eyes
