[Verse 1]
```
                    Bm
We talked about making it
        F#7
I m sorry that you never made it
      G7                        F#7
And it pains me to hear you have to say it
                   Bm
You knew the game and played it
                   F#7
It kills me to know that you have been defeated
   G7                             F#7
I see the wires pulling while you re breathing
                 Bm                     F#7
You knew you had a reason it killed you like diseases
                      G7                        F#7
I could hear it in your voice while you re speaking
                 Bm               F#7
He can t be treated, Mr.-Know-It-All had his reign, and his fall
   G7                                      B
At least that is what his brain is telling all
```

[Chorus]
```
                       Bm        F#7
If he said, help me kill the president
              G7        F#7
I d say he needs medicine,
              Bm          F#7
Sick of screaming let us in
                 G7
The wires got the best of him,
   B                        Bm
and all that he invested in, goes
          F#7                 G7      B         Bm
Straight to hell, Straight to hell, (woah oh oh)
          F#7                 G7
Straight to hell, straight to hell
```

[Verse 2]
He told me, I should take it in
Listen to every word he s speaking
The wires getting older
I can hear it in the way they re creaking as their holding him.

I could see it in his jaw that all he ever wanted was a job
He tells me to be raw, admits to every little flaw
that never let him sit at the toop,
Won t tell me to stop
Thinks that I should be a little cautious,
I can tell the wires were pulled

[Chorus]
                              Bm   F#7
If he said, help me kill the president
                   G7   F#7
I d say he needs medicine,
                   Bm   F#7
Sick of screaming let us in
                   G7
The wires got the best of him,
    B   Bm
and all that he invested in, goes
          F#7   G7   B   Bm
Straight to hell, Straight to hell, (woah oh oh)
          F#7   G7
Straight to hell, straight to hell
