May not listen to my own advice

Bb

You knew

Ebm

You believed it

G#

You should just turn

Bb

Ebm

Verse:

Took a compliment and photograph

Committed it to memory

Model of how not to act

At least not imitate

Wouldn't it have been ideal

If it all fell down from heaven

How am I supposed to feel

When I know what you did wrong

Chorus:

Yes it's true

You knew

You believed it

You should just turn

And walk away

Yes it's true

You knew

I was leaving

We're under the same sky line today
