hold back my lip

watch my step

spinning world hurts me

facing backwards

might cause you to slip

to slow down

watch your step

take a little trip down

knows where you land

**D D/C# G Em7 F#/G**

your broken hands scratch my back

mend me now

**G F#/G G Em7**

my chance to move on

whos to know

the outterside

**G F#/G Em7**

the outside my glimpse

a glimpse gather my sense

**D D/C# G F#/G**

sit back and mend myself

take a walk outside

to bored to sleep

not enough time to get anything half way done
