

The Photograph
The Night Game

Capo 2

I use the open versions of these chords rather than barring.

E 022100
G#m 4x4400
C#m x46600
B x24400
A 002200

[Verse 1]

E **G#m** **C#m**
Another west coast Saturday
A **E**
And the shore gives me a crash and it s gone
G#m **C#m**
Just like the midnight getaway
A **E**
When I ducked into a cabin, pushed on
G#m **C#m**
She had a pretty face silhouette
A **E**
And she told me that she liked how I kissed
G#m **C#m**
What s the point, point anyway?
A
Dreaming of this

[Chorus]

C#m **B**
Cause it s gone, in the past
E **G#m**
But we ll always be together in the photograph
C#m **B**
Know our love didn t last
E **G#m**
But we ll always be together in the photograph
C#m **B**
No, I won t forget all the things she said
E **A**
And the way she looked at me that night
C#m **B**
Cause it s stuck under glass
E **G#m**
Yeah, we ll always be together in the photograph

[Verse 2]

E **G#m** **C#m**
Books on the bed frame, countertop
A **E**
She had papers on the dresser and drawers
G#m **C#m**
Still hear her don't you ever stop
A **E**
We were laying in a room on the floor
G#m **C#m**
She had a dark side underneath
A **E**
But I never saw it peeking until
G#m **C#m**
Sometimes she dances through my thoughts
A
But I know instead

[Chorus]

C#m **B**
That it's gone, in the past
E **G#m**
But we'll always be together in the photograph
C#m **B**
Know our love didn't last
E **G#m**
But we'll always be together in the photograph
C#m **B**
No, I won't forget all the things she said
E **A**
And the way she looked at me that night
C#m **B**
Cause it's stuck under glass
E **G#m**
Yeah, we'll always be together in the photograph

[Bridge]

C#m **E**
She's not the one, hey, woah
G#m
But I think about it now and then
C#m **E**
She's not the one, hey, woah
G#m
When I close my eyes I see her face
C#m
But still, I know she's not the one

I think about it now and then
