The Notwist - Chemicals

Hey guys, couldn't find this song in the net, so watched a great cover on youtube and it down, think it is about 90% accurate.

D **A** **Em**
Chemicals will hit you

Bm **D**
Chemicals will knock you down

A
Is it over cause you

Em
You feel no pain

G
Throwing me around

D **A**
You attack my head

Em
With numbers

Bm
You attack my room

D
With things of glass

A
You attack my neighbors

Em
Till you find someone

G
Who's cleaning up the mess

D **A**
You are no good

Bm **A**
You are no good

Em **F#m**
Cause I know you can't sleep

G
Till you know your overbearance

 Muted strumming
Makes me creep

D **A**
You are no good

Bm **A**
You are no good

Em **F#m**
Cause I know you can't sleep

G

Till you know your overbearance

D

Makes me creep
