

**The Devil You Me
The Notwist**

Notes:

Hey, this is my first tab, I m fairly sure of most parts...if it s not totally accurate,
at least still passes well with the song.

Just a few things I would like to explain...

Here are a few clarifications for some chords I may possibly have invented names for:

Dadd12b	Dadd12	A/F#	Amaj7	Esus4	Asus4	A	E	D	Bm
e--4-----5-----	0-----0-----	0-----0-----	0-----0-----	0-----0-----	0-----0-----	0-----0-----	2-----2-----	2-----2-----	
B--3-----3-----	2-----2-----	0-----0-----	3-----3-----	2-----0-----	3-----3-----	3-----3-----	3-----3-----	3-----3-----	
G--2-----2-----	2-----1-----	2-----2-----	2-----2-----	2-----2-----	2-----1-----	2-----4-----	4-----4-----	4-----4-----	
D--0-----0-----	2-----2-----	2-----2-----	2-----2-----	2-----2-----	2-----0-----	4-----4-----	4-----4-----	4-----4-----	
A--x-----x-----	0-----0-----	2-----0-----	0-----0-----	2-----0-----	0-----2-----	x-----2-----	2-----2-----	2-----2-----	
E--x-----x-----	2-----x-----	0-----0-----	x-----0-----	x-----x-----	0-----0-----	x-----2-----	(2)-----2-----	(2)-----2-----	

Also, before they resolve the Asus4->A, the actual song might stay on Bm and then just the E string resonate...if you can change smoothly to the E, it should sound good too.

Email me with any questions/comments/suggestions at rudyrocks41@yahoo.com, I d be to hear from you!

That s all, enjoy this great song by a band I just discovered!
