And I miss the folk singers from the days of old
When a three chord song could save your soul
And no I m never on time least that s what I m told
So why s everything feel like it moves too slow?
And if I were scared I wouldn t let it show

Cause if I die tonight I m not going home

Why s it seem so wrong to miss the town you love?

Asus2 **E** **Bsus4**

When there s just one state that you cannot stop thinking of

Asus2 **E** **C#m7**

Bsus4

I wouldn t say I m patriotic, but I think that s what I ve become

Asus2 **E** **C#m7**

Sometimes it takes where you are not just to remember where you re from

Asus2 **E** **C#m7**

When it told you it was not the end

Asus2 **E** **Bsus4**

And if everything goes wrong, I hope we can get along

Asus2 **E** **Asus2**

E

If I lost you I would lose my best friend

Asus2 **E** **Bsus4**

And now we re weathering the storm, side by side we re looking on

C#m7 **F#11**

Asus2

It takes a certain kind of love to bear this load

E **F#11** **Asus2**

But it s not the tired romance of the open road
