

All Along

The Offspring

The Offspring - All Along

E **D**
Deep inside secret s burning

A **C** **G**
I should have known all the while what s true

E **D**
I went along, to fool myself

A **C** **G**
Can t go on, I can t escape it

[Chorus]

E **D**
All along - I think I really knew

A **C** **G**
It was there in the words unspoken

E **D**
All along - Still believed in you

A **C** **G**
Now I leave here betrayed and broken

E	D		
Close my eyes from the burning			
A		C	G
All along all the while it s true			
E	D		
Take it on, or turn your back			
A		C	G
Either way, you can t escape it			

[Chorus x2]

A **C** **G** **E**
All along I still believed in you
