Have You Ever
The Offspring

E5   G5   D5
Falling, I?m falling
E5   G5   D5
Falling, I?m falling

Verso:

E5   G5
Have you ever walked through a room
                                D5
But it was more like the room passed around you
                                E5
Like there was a leash around your neck that pulled you through

Verso:

E5   G5
Have you ever been at some place
                        D5
Recognizing everybody?s face
                              E5
Until you realized that there was no one there your knew

        E5
Well I know
                C5   **G5**   **D5**   **E5**
Some days, my soul?s confined and out of mind sleep forever
                C5   **G5**   **D5**
Some days, I?m so outshined and out of time have you ever

(Coro)

Verso:

E5   G5
Have you ever buried your face in your hands
                                D5
Cause no one around you understand
                              E5
Or has the slightest idea What it is that makes you be

Verso:

E5   G5
Have you ever felt like there was more

```
                                        D5
Like someone else was keeping score
                                    E5
And what could make you whole was simply out of reach  (Guitarras 1 e 2)

Pré-coro:

       E5
Well I know
            C5       G5                      D5            E5
Someday I?ll try again and not pretend this time forever
            C5           G5           D5           E5
Someday I?ll get it straight but not today have you ever

(Coro)

E5                      G5   D5        E5
When the truth walks away, everybody stays
         C5              D5    E
Cause the truth about the world is that crime does pay
E5           G5   D5          E5
So if you walk away, who is gonna stay
          C5              D5    E

```
I?d like to leave the world as a better place
