

Can You Canoe
The Okee Dokee Brothers

[Verse 1]

E

We donâ€™t need a motor, we donâ€™t need a sail

A

E

We donâ€™t need no fins or gills, and we donâ€™t need a tail

B

Letâ€™s just keep it simple, weâ€™ll each get an oar

Paddle out to no manâ€™s lake and float till we canâ€™t no more

[Chorus]

A

E

Can you canoe on a little boat built for two

A

E

B

Can you canoe? Iâ€™ll be your captain and your crew

A

E

Can you canoe if thereâ€™s nothing better to do

E

B

E

I wanna float down a river with you.

[Verse 2]

E

We donâ€™t need no outlets, we donâ€™t need no wires

A

E

Primetime entertainment will be lightningâ€™ bugs and fires

B

Lets just keep it simple, unplugged and outside

Sound waves on the water donâ€™t need to be amplified

[Verse 3]

E

Iâ€™ll take the bow brother, you can take the stern

A

E

Iâ€™ll move us forward, while you choose when to turn

B

Letâ€™s just keep it simple, we all need a friend

In this current moment instead of lookinâ€™ around the bend
