

Love Athena

The Olivia Tremor Control

I think the guitars are actually tuned up a half step or more.  
Capo on the first fret works, but doesn't exactly match the record.

D A G G

D A G G

D A  
Look down deep inside the crystal clear  
G  
water flowing round from your head

D A  
Looks like again this time I'll have to back track  
G  
on what it was that I said

D A  
I would never ever compromise, kiss the clouds of love,  
G  
or fall for someone like you

D  
Now I find my eyes are open

A  
and my ship is coming in

G  
with my beautiful love aboard

A  
Shining like Athena

G  
in a silver suit of armor

A  
Her love is like a nail

G  
and now I'll bring down the hammer

A G  
Sprouting like a flower on a hill top is where I'll find her

A  
Where I'll plant a seed and watch it grow

G D A G  
into the streaming light of love.

And repeat
