

## Sinking Hearts The Organ

This is my first tab, and I hope it sounds alright. I've been in search of The Organ for a long time, and because there weren't much, I decided to transcribe the songs myself.

**Em** **G**  
Remember when i left you  
**Asus2** **G**  
I couldn't say your name  
**Em** **G** **Asus2**  
Or other crucial things like i love you,  
**G**  
Oh, that's a shame

**Em** **G**  
Oh no, i think i'm falling  
**Asus2** **G**  
Oh no, i think i'm fine  
**Em** **G**  
Our hearts didn't come together  
**Asus2** **G**  
But i saw the two collide

**C** **Am**  
I can see the two hearts sinking

Same chords for next verse and chorus.

Remember when i left you  
I couldn't say your name  
Or other crucial things like i love you,  
Oh, that's a shame  
I don't know if you're hearing  
My voice or the reprise  
Our hearts didn't come together  
But i saw the two collide

I can see the hearts sinking.

Enjoy!!
