Come on now stop staring at the ceiling
Your last daydream is slowly unreeling
                                            G*
Won t you come out tonight, like I know you want to
cuz the city s alive and even though it haunts you, I want you
To tell me again what the body s for
cuz I can t feel it anymore
I want to hurt like it did before
D
We shouldn t sin
Tell me again what the body s for
Em7
cuz I can t feel it anymore
I lost mine and I need yours,
It s only skin, we could swim
D G
                              G*
You try so hard to keep it together,
and you look so hard in fishnets and leather
```

But I know who you are, you are just a lost saint

D And if we go too far, there ll be heaven to pay and what a price To tell me again what the body s for cuz I can t feel it anymore I want to hurt like it did before We shouldn t sin Tell me again what the body s for Em7 cuz I can t feel it anymore I lost mine and I need yours, Α It s only skin, we could swim
