The Mortal King Boy
The Paper Kites

I ve been trying to find these chords for ages but have had no luck,
so I thought I d try myself. I m not the best guitarist and so these
chords are probably wrong, but I find they work alright. If you want
 to improve them that would be great! Anyway this is a stunning song,
enjoy playing!:3

(**D**)
Night falls
              (**G**)   (**A**)
We re covered over now
              (**G**)   (**D**)
We re covered over now
(**D**)
Daylight
          (**G**)   (**A**)
Sometimes it ends too soon
            (**G**)   (**D**)
And I don t want to sleep

(**G**)   (**A**)   (**D**)
Til I remember lending softer ears to my lungs
(**G**)   (**A**)   (**D**)
Til I remember lending softer ears to my lungs
(**G**)   (**A**)   (**G**)
And maybe if I hold you now, would you hold me now?
(**G**)   (**A**)   (**G**)
And maybe if I hold you now, would you hold me now?

(**D**)
Night falls
                         (**G**)   (**A**)
And we re getting older too
                     (**G**)   (**A**)
We re getting older too
(**D**)
Life
                    (**G**)   (**A**)
Sometimes it ends too soon
                     (**G**)   (**A**)
Sometimes it ends too soon

(**G**)   (**A**)   (**D**)
Til I remember lending softer ears to my lungs
(**G**)   (**A**)   (**D**)
Til I remember lending softer ears to my lungs

And maybe if I hold you now, would you hold me now?

(G)                   (A)
We re getting older

We re getting older too

(G)                   (A)
