

Sway
The Perishers

The Perishers - Sway
(KlÄ¼ft/Perishers)

I saw the other version of this song was not correct, so I thought I d add in what was missing.

intro **C - Am**
C - Am - G - F

C **Am**
I talk to you as to a friend

I hope that s what you ve
C
come to be

It feels as though we ve
G
made amends
F

Like we found a way
C
eventually

It was you who picked
Am
the pieces up

C
When I was a broken soul

And then glued me
G
back together

F
Returned to me what
Em - F
others stole

C
I don t wanna hurt you

G
I don t wanna make you sway
Em

Like I know I ve done before
F

I will not do it anymore
C

I ve always been a dreamer

I ve had my head among

G

the clouds

Em

Now that I m coming down

F

Won t you be my solid ground?

(JUST KEEP PLAYING THE SAME CHORDS)

I look at you and see a friend

I hope that s what you wanna be

Are we back now where

it all began?

Have you finally forgiven me?

You gathered my dreams in

When they all blew away

And then tricked them

back into me

You saved me I was

almost dead
